5pm to 7pm

STEM Science, Technology,
Engineering, Mathematics

Attention 6th-8th grade students: bring your family to participate in engaging activities with elementary, high schools, community colleges, universities, and STEM industries to learn about STEM Resources and create a STEM Pathway unique to you!

Did You Know?

According to the U. S. Department of Commerce, STEM occupations are growing at 17%, compared that to other occupations which are growing at 9.8%. STEM degree holders have a higher income even in non-STEM careers!

“In the 21st century, scientific and technological innovations have become increasingly important as we face the benefits and challenges of both globalization and a knowledge-based economy. To succeed in this new information-based and highly technological society, students need to develop their capabilities in STEM to levels much beyond what was considered acceptable in the past.”
